<p><b>Information regarding preparation, review and related subjects including assessment description</b></p>	<p>Take a look at Takashiba's previous two lecture materials in advance. Use the link below. The password is the user name of Takashiba's mail address (before @). <a href="http://www.cc.okayama-u.ac.jp/~perio/kogi3/health_oral_disease/1st_lecture.pdf">http://www.cc.okayama-u.ac.jp/~perio/kogi3/health_oral_disease/1st_lecture.pdf</a> <a href="http://www.cc.okayama-u.ac.jp/~perio/kogi3/health_oral_disease/2nd_lecture.pdf">http://www.cc.okayama-u.ac.jp/~perio/kogi3/health_oral_disease/2nd_lecture.pdf</a> 【Note】 Lecture materials in the above URL may be changed to those of this fiscal year. If you wish to access previous ones, go "stock shelf". The ID and password will be open at the first lecture. <a href="http://www.cc.okayama-u.ac.jp/~perio/kogi3/health_oral_disease/previous/">http://www.cc.okayama-u.ac.jp/~perio/kogi3/health_oral_disease/previous/</a></p> <p>Anybody, who wishes one's healthy life, who wishes to contribute health sciences, are welcome to participate in this course! However, you should have sense/motivation for improve yourself by studying even though you do not have preliminary knowledge. All of participants should have seats.</p>
<p><b>Teaching style</b></p>	<p>Omnibus lecture series.</p> <p>Printed materials (handouts), slides, videos, internet will be used at lecturer's demand.</p> <p>You may bring your own device such as smartphone , tablet, mobile PC, and you can obtain any information appeared in this lecture whenever you want via odnet.</p>
<p><b>Equipment used</b></p>	<p>(1) Percentage Lecture: 80% Other than lecture (Dialogue with students, active learning etc.) 20% (2) Content other than lecture No Discussion No group work No presentation No in-school practical training and no experiment No extracurricular exercise Other: Internet search is strongly recommended (3) Contact matter to students Includes preparation and review at HP's laboratory. If you need consideration, please consult with your supervisor before registration.</p>
<p><b>Textbook</b></p>	<p>Nothing particularly</p> <p>However, printed materials (handouts), slides, videos, internet will be used. Visit "<a href="http://www.cc.okayama-u.ac.jp/~perio/bind2/education_sources/handouts_lectures.html">http://www.cc.okayama-u.ac.jp/~perio/bind2/education_sources/handouts_lectures.html</a>".</p>

<b>Reference books</b>	<p>My favorite books. However, these are written in Japanese. Try to find the originals.</p> <p>1) ハーバード白熱教室講義録 +東大特別授業 (上下) マイケル・サンデル著 (NHK「ハーバード白熱教室」製作チーム, 小林正弥・杉田晶子(訳) 早川書房)</p> <p>2) 正しい大人化計画 ―若者が「難民」化する時代に― 小浜逸郎 著 ちくま新書</p> <p>3) 生活習慣病を防ぐ ―健康寿命をめざして― 香川靖雄 著 岩波新書</p> <p>4) アメリカNIHの生命科学戦略 掛札 堅 著 講談社 (Blue Backs)</p> <p>5) 医学・医療の品格 久道 茂 著 薬事日報社</p> <p>6) 歯周病と7つの病気 吉江弘正, 高柴正悟 編著 永未書店</p>
<b>Academic assessment</b>	<p>No written examination.</p> <p>However, you should report resume and opinion/comment at each lecture. The A4 sheet of paper will be distributed at each lecture.</p> <p>You should reports what you learned, what you questioned. The report should be your "showtime".</p> <p>Number of attendance must fill full the requirement of Okayama University. For absence to be acknowledged as presence, have a look at the following site; <a href="http://www.okayama-u.ac.jp/tp/life/kouketsu_g.html">http://www.okayama-u.ac.jp/tp/life/kouketsu_g.html</a> (This site is in Japanese. If you need assistance, consult the officers at educational affairs section.)</p>
<b>Relation to research activity</b>	<p>In this omnibus course, professors in the dentistry field of Graduate School of Medicine, Dentistry and Pharmaceutical Sciences will present their research results for undergraduate students with socially accepted words and phrases as "showtime".</p> <p>These materials would include what you study, learn, and use daily in your near future.</p> <p>?Please note that some educational materials are brought from dental clinic in Okayama University Hospital. Some may be too sensational.</p>
<b>Prerequisites</b>	<p>Ability and motivation of self-learning</p> <p>Ability to obtain something new and suitable information by yourself</p> <p>Ability of logical statement to explain what you think to others at different generation</p>
<b>Open to other faculties</b>	Yes
<b>Part of Teacher Training Program</b>	No
<b>Relation to JABEE</b>	Self-learning ability; Ability to acquire new knowledge and appropriate information oneself; Logical description ability
<b>Other comments</b>	<p>1) Use your official e-mail address provided by Okayama University, when you send e-mail to Prof. Takashiba. Your ICT skill and manners will be also needed.</p> <p>2) Until 2nd lecture un-registered participants can attend. Then, you will consult the officers at educational affairs section. However, the limit of number of participants depends on the number of seats.</p> <p>3) Pay attention to number of attendance. Refer the last paragraph in the "Academic assessment" section.</p> <p>4) Enjoy this omnibus course interactively by using ICT (information and Communication Technology).</p>
